

The background is a dark blue gradient with various white and light blue line art elements. At the top, two stylized airplane silhouettes fly along horizontal lines. A paper airplane is shown in the upper right, following a curved trajectory. In the center, there is a faint, large-scale technical drawing of an aircraft, possibly a jet or a specialized transport plane, with various lines and circles indicating its structure. At the bottom, another airplane silhouette is visible, along with several small plus signs and curved lines that suggest a technical or scientific theme.
